How to use this directory:

The directory below summarises the various approved hospitals and treatment centres which we cover under your Health Cash Plan. These are organised by type of facility. To determine the level of cover for a particular hospital and treatment centre, check the facility type and refer to your Table of Benefits and Terms and Conditions. We have organised the directory by county to make it easier for you to find those near you.

The directory changes from time to time. Please refer to www.vhi.ie/downloads for the most up-to-date list.
